

# Pejman Samadi

AI Developer, MLOps Engineer

I'm a self-taught AI developer, passionate about AI and learning new things. I'm currently working as part of the MLOPs team in AIMedic. I have experience with Python, Pytorch, Tensorflow, Backend frameworks like Flask and FastAPI, and tools like Docker.

## EDUCATION

### Bachelor of Engineering - BE, Electrical and Electronics

Iran University of Science and Technology

09/2017 - Present

## SKILLS

Python NumPy Pandas Scikit-Learn  
Tensorflow Pytorch Flask FastAPI  
Docker Git C++ Self Learning

## WORK EXPERIENCE

### MLOps Engineer AIMedic

10/2021 - Present

Tehran, Iran

Achievements/Tasks

- Machine Learning
- DevOps
- Backend

### AI Intern AIMedic

07/2021 - 10/2021

Tehran, Iran

Achievements/Tasks

- Machine Learning
- Deep Learning
- AI

### Summer Internship Upkey

07/2021 - 09/2021

Chicago, USA

Achievements/Tasks

- SEO
- Digital Marketing
- Entrepreneurship

## PERSONAL PROJECTS

FaceMask-Detection (02/2022 - 03/2022) [🔗](#)

- Pytorch

Covid19 Detection (02/2022 - 02/2022) [🔗](#)

- Pytorch

LungSegmentation\_Streamlit (09/2021 - 10/2021) [🔗](#)

- Tensorflow

## CERTIFICATES

Deep Learning with Pytorch: Zero to GANs  
(01/2022 - 02/2022)

Jovian

Pandas Masterclass: Advanced Data Analysis with  
Pandas (07/2021 - 07/2021)

Udemy

The Fundamentals of Digital Marketing  
(07/2021 - 07/2021)

Google Digital Garage

## LANGUAGES

English  
Professional Working  
Proficiency

Spanish  
Elementary Proficiency

## INTERESTS

Gaming Artificial Intelligence
